Data lies at the heart of your organisation and its effective use is vital for operational efficiency and competitiveness.

That's why you've invested in a flexible, powerful data & analytics platform.

But the work doesn't stop when your solution goes live.

Business goals change and the value needed from software evolves over time.

This is why MIP offers a portfolio of training courses designed to support you throughout your data journey.

MIP Academy courses can be delivered in a format that suits your organisation.

The courses have been designed to ensure you are best positioned to extract the maximum value from your investment in analytics, business intelligence and data warehousing systems.

Why MIP Training?

Local training centres

Dedicated Australian-based training facilities focused on providing you with the absolute best training available.

Business understanding

Understanding both technical and business process drivers offers you a holistic approach to training.

Knowing how to apply technology to a business problem provides a better outcome than just understanding a bunch of product features.

Real world experience

MIP's trainers have real-world consulting experience and bring the skills and experience to the classroom. They know what works and how to get the best out of the technology.

MIP Australia
